

# Welcome!

Ganenu is a safe and secure preschool where every child is seen, valued and challenged to achieve their best.

Ganenu means "our garden", as our proprietary curriculum creates a fertile environment that accelerates your child's love of Judaism, love of Israel, mental and physical growth, Jewish values, connection to others, and will start children off with a strong and loving foundation.

We have an exciting, new approach to Jewish early child development (18 months to 4 years). We combine the best elements of research-based pedagogies and educational philosophies (e.g. Reggio Emilia, Montessori, Play-Based Learning, Jewish Culture & Values), to create a fun and engaging curriculum where your child will love exploring, learning and connecting with other children.

We look forward to working in partnership with you to ensure this.

We warmly and openly invite you to be part of this unique and inspiring community.

May you and your children find much happiness, inspiration and fulfillment here with us.

Accelerating Young Minds

“ Education means teaching a child to be curious, to wonder, to reflect, to enquire. The child who asks becomes a partner in the learning process, an active recipient. To ask is to grow. ”

Rabbi Lord Jonathan
